As an international association representing individuals of every nationality, race, culture, faith, age and gender, IFMA embraces and celebrates the diversity of our membership and the global facility management industry. As a community of colleagues and friends, we support each other in times of adversity. As a family of closely knit individuals, each of us feels deep sorrow, outrage and a desire to offer aid when any one of us is harmed, wronged or threatened.

At IFMA, there is no tolerance for discrimination, harassment, insensitivity, inhumanity or cruelty against any individual or group. From leadership and staff to our chapters, councils and communities, we actively foster a culture that values and respects the worth of every human being, and we are committed to ensuring that everyone who engages with IFMA feels represented, supported, included, heard and cherished.

The escalation of hate crimes against Asian Americans and the Asian community in the United States is appalling. These actions are so unconscionable that silence and indifference are not acceptable. IFMA stands united against racism and discrimination of any kind. Our hearts go out to the Asian American Pacific Islander communities.

As always, your association is here for you. IFMA’s focus is to provide a safe, welcoming, receptive and supportive environment for you to learn, network, and enrich your professional and personal lives.
Our community is built on and sustained by collaboration, knowledge sharing, mutual respect, a commitment to excellence, appreciation and recognition. Facility management professionals are adept at taking care of what’s entrusted to us. From the heart of your association comes a promise...we will continue to stand with our community, our colleagues, our friends and family in the demand for fair treatment, kindness, and compassion.
